## Summer Research Assistant - Arborg, MB

**POSITION:** PESAI is seeking a flexible, motivated and hard working Summer Research Assistant (SRA) for the 2022 field season. This 4 month term is based out of Arborg. The SRA will assist in all aspects of the field research program, including site preparation, plot seeding, plot/site maintenance, harvest, data/sample collection, record keeping and operation of field equipment. This position will require working outdoors, occasional travel and extended hours during seasonal peaks.

**QUALIFICATIONS:** Farm experience and experience in operating farm equipment is an asset but not necessary as training will be provided. Must have a valid Class 5 driver's license, a Class 3 license will be an asset. Preference given to those planning to be or currently enrolled in post secondary education. The position is compensated with a competitive salary that may increase with education and experience.

Salary starting at **\$18.50/hour**.

**DEADLINE:** February 1st, 2022

Resumes can be mailed or emailed to Dr. Nirmal Hari , Applied Research Specialist at the address below
